4. Here are some statements that men might say about the PROUD study.

Please tick one box per row to show how much you agree or disagree with each of these statements:

	Strongly Agree	Agree	Neutral or uncertain	Disagree	Strongly Disagree
I am glad I joined the PROUD study	<input type="checkbox"/>				
The written information I was given clearly explained the study	<input type="checkbox"/>				
I don't mind completing the monthly sexual behaviour questionnaires	<input type="checkbox"/>				
I dislike completing the sexual behaviour diary	<input type="checkbox"/>				
I like completing the questionnaires on-line	<input type="checkbox"/>				
Visiting the clinic every 3 months is not a problem	<input type="checkbox"/>				
I like having regular HIV tests	<input type="checkbox"/>				
I do not like having regular STI tests	<input type="checkbox"/>				
I am able to access as much support to reduce my risk of HIV and STIs as I need	<input type="checkbox"/>				
I think the chance of being in the deferred group and not getting Truvada for a year might put other men off joining the study	<input type="checkbox"/>				
I expect to stay in the study for the whole 2 years	<input type="checkbox"/>				
I would like to join another PrEP study after this	<input type="checkbox"/>				
I would prefer to answer the sexual behaviour questions on a mobile device (i.e. smart phone or tablet)	<input type="checkbox"/>				

5. Some men have been, or will be, asked to give additional blood samples so as laboratory tests can measure the level of Truvada in their blood. These tests can tell how regularly a man has been taking his tablets.

Please tick one box per row to show how much you agree or disagree with each of these statements:

	Strongly Agree	Agree	Neutral or uncertain	Disagree	Strongly Disagree
I think it is a good idea to check how regularly men are taking their tablets by measuring the level of Truvada in their blood	<input type="checkbox"/>				
Men report how regularly they take their tablets so there is no need to measure the level of Truvada in their blood	<input type="checkbox"/>				
When I am on Truvada, I would like to find out the level of Truvada in my blood	<input type="checkbox"/>				

6. **Accurately answering questions about sexual behaviour can be difficult as some people forget details or don't want to share all details.** *Thinking about the last 6 months, please tick one box per row to show how much you agree or disagree with each of these statements:*

	Strongly Agree	Agree	Neutral or uncertain	Disagree	Strongly Disagree
When completing the questionnaires, I find it difficult to remember my sexual activity in the last 30 days	<input type="checkbox"/>				
When completing the questionnaires, I am able to report my sexual activity honestly	<input type="checkbox"/>				
I find the questionnaires make it difficult to be accurate about my sexual activity	<input type="checkbox"/>				

7. **How many other men do you know (partners, friends or acquaintances) who have also joined the PROUD study?** *Please provide an estimate if you do not know the exact number*

8. **Since joining the study, how many men that are also in the study, have you had sex with?** *Please provide an estimate if you do not know the exact number*

9. **What do you most like about the study?**

10. **What do you least like about the study?**

ONLY ANSWER THE NEXT QUESTION IF YOU ARE CURRENTLY TAKING TRUVADA PREP AS PART OF THE PROUD STUDY

11. Accurately answering questions about taking PrEP can be difficult as some people forget details or don't want to report not taking tablets. *Thinking about the last 6 months, please tick one box per row to show how much you agree or disagree with each of these statements:*

	Strongly Agree	Agree	Neutral or uncertain	Disagree	Strongly Disagree
When completing the questionnaires, I find it difficult to remember when I have taken the tablets in the last 30 days	<input type="checkbox"/>				
When completing the questionnaires, I feel confident about saying when I have not taken tablets	<input type="checkbox"/>				
I find it difficult to report when I took my tablets on the monthly questionnaire	<input type="checkbox"/>				
I find it easy to report when I took my tablets on the daily diary	<input type="checkbox"/>				

Thank you for finishing the questionnaire.
